

**FOR IMMEDIATE RELEASE**

March 5, 2010

**Washington, DC** - Congressman Bruce Braley (D-Iowa) announced today \$44,137 for the Keyline Bus System in Dubuque. This U.S. Department of Transportation grant is paid for with American Recovery and Reinvestment Act (ARRA) funds.

"This grant will strengthen the public transportation system in Dubuque," Braley said. "As our economy in Iowa continues down the road to recovery, it's important to make public services accessible and reliable. These Recovery Act funds will help Dubuque provide convenient, reliable bus service for Dubuque's working families."

This ARRA grant will purchase four new mobile data terminals for public transit vehicles. Mobile data terminals are used to communicate with the central dispatch office, as well as mapping and other information.
